**FIS Programme** is aimed at athletes who are able to commit for longer periods and have the points required to enter foreign races. Athletes will be entered into foreign races that may mean travel and time away from base.

**FIS Development programme** is aimed at athletes who may not have enough points to gain a Full licence, or may have commitments such as school that restrict the amount of time that they are able to train. Outside of the British run races, training will take place alongside the FIS and/or Children's team, with a dedicated coach.

### **FIS/FIS Development Winter Season Programme**

There is a one-off Registration Fee of £75 applicable to all programmes.

Residential pricing is arranged on a per night basis.

\*Standard fees are £200 per day (£1400 per week) but there is a per night living-in supplement for trips to these championships: Welsh £20, Ambo/English/British £60

We commute to local FIS races in the Aosta Valley. A supplement for other races away from base will be billed on a shared-cost basis. Entry to British run races is the responsibility of the athlete/parent. Entry to foreign run races will be made by the FIS coach and this will include lift passes. There may be an additional fee levied by GB Snowsport for entering into foreign races – this is the responsibility of the athlete/parent.

## **Payment**

### **N.B. We strongly advise that you have insurance that provides cover for cancellation or curtailment.**

During October/November we will contact you to confirm your planned dates for the Winter Season. An invoice will be sent to you based upon the dates that you have chosen or the full programme. Along with the invoice, we will provide a payment plan that ensures payment is received for the upcoming period at least 28 days in advance. Please also see 'Winter Sports Foundation' information below as this can be a way of raising additional funding.

Payment can be made by bank transfer (details on the invoice) or by credit/debit card (please contact the office to arrange this).

## **Airport transfers**

Certain airport transfers (main dates around Christmas/New Year, Anglo Scottish/ English Championships/British Championships, Interschools) are included in the residential package.

All other airport transfers outside of the published dates/times/airports are subject to an individual arrangement/price.

## **Lift Passes**

**Recommended for those staying 3 weeks or more, the Champéry season pass is available at a flat rate of £500. Weekly prices TBC.**

Outliers are responsible for the organisation/payment of their own passes both at base or races away from home, except for FIS races where the coach is required to purchase them at the Coach meeting the night before the race (English and British Championships).

## **Winter Sports Foundation**

'The Personal Sports Fund is your way to raise additional funds to help finance your winter sports career.

The funds are set up to help athletes who are already competing in winter sports by assisting them to seek sponsorship from various sources as well as utilising Gift Aid via our charity to increase the value of each sponsorship amount for the athlete.' **Contact Malcolm for further info: 07970495533.**

[Sports Foundation Funding for UK Winter Sports Athletes \(wintersportsfoundation.co.uk\)](http://wintersportsfoundation.co.uk)

## **Race Entry**

Race entry remains the responsibility of parents/athletes, except for non-UK FIS races, where coaches will make the entries. Depending if GBSnowsport are involved in the arrangements for the non-UK FIS races, parents may receive an invoice at the end of the season from them.

## **Schengen Arrangements**

Please see our Schengen Area FAQ's for more detailed information.

All time spent in the Schengen area counts towards the limit, regardless as to the reason and so things such as family holidays should be included when calculating. The link below is a useful calculator to give an indication to the use of your allowance. It is only a tool to assist in planning and you should still check that it is accurate before making a commitment.

## **Passports and GHIC**

It is the responsibility of the parent (or the athlete if they are 18 or over) that athletes have both a passport that has 6 months left before expiration and the new GHIC card (replacement for the EHIC card and available to order online for UK citizens) when at camps held abroad.

## **Kit**

We do not require athletes to purchase any BSA kit to attend training with us. We have a small stock of hoodies, t-shirts, grey ski jackets and pink and green shell jackets in place.

We will be supplying a new Fisherman style foul weather BSA storm jacket in December.

Sports kit is available to order at regular intervals. Please email [info@britskiacad.org.uk](mailto:info@britskiacad.org.uk) for more information. Dr BoBo racesuits are available to order direct – details on our website.

## Our Commitment to you:

At the British Ski Academy, we undertake to do our utmost to foster your racer's development in the sport of Alpine ski racing, to support their educational programme and to provide for their welfare.
